### TEA AT THE SEA BEACH.

Mrs. S. W. Wilcox gave a very en-  
joyable tea Friday afternoon at Pa-  
palanahoa in honor of Mrs. Taylor.  
The guests were told to bring a thimble  
and a needle along and all came armed  
with these implements. The mystery  
of this request was solved, when on  
arrival the ladies were given a clothes  
pin and told to make their selection of  
fabrics in form of variously colored  
tissue paper, with which they were ask-  
ed to show their respective prowess as  
dressmakers. Mrs. Taylor proved to  
be the most accomplished one in that  
line, closely followed by Mrs. Broad-  
bent. After the competition had been  
decided the ladies renewed their im-  
paired energies by the delicious re-  
freshments with which Mrs. Wilcox  
tempted them. Those who enjoyed the  
pleasant hospitality were: Mesdames  
Alexander, Broadbent, Carter, Christ,  
Hills, Hogg, Lydgate, Purvis, Sweet-  
ser, Taylor, A. S. Wilcox and R. L.  
Wilcox and the Misses Jordan, Mum-  
ford, Quinn, M. and E. Wilcox.—The  
Garden Island.

### ENA ARRIVES AT HILO.

The ship John Ena arrived at Hilo  
today in ballast from Cape Town. She  
will load sugar.

### TO GO TO THE AZORES.

EDITOR STAR:—It seems as if there  
is some difficulty to find the right per-  
son to go to the Azores. I hope the  
matter is not turning into a political  
or religious affair.

We need plenty of more people in  
the country; so why not try and get F.  
Wunderburg, Supervisor Moore or  
Charles S. Desky to go? I think any  
of these gentlemen can fill the bill.

The Haleiwa Hotel, Honolulu's fa-  
mous country resort, on the line of the  
Oahu Railway, contains every modern  
improvement and affords its guests an  
opportunity to enjoy all amusements—  
golf, tennis, billiards, fresh and salt  
water bathing, shooting, fishing, riding  
and driving. Ticket, including rail-  
way fare and one full day's room and  
board, are sold at the Honolulu Station  
and Trent & Company for \$5. For de-  
parture of trains, consult time table.

On Sundays, the Haleiwa Limited, a  
two hour train, leaves at 8:22 a. m.;  
returning, arrives in Honolulu at 6  
p. m.

## MOODY IS AFTER THE SUGAR TRUST

(Continued from page one).

knew. They received little satisfaction,  
as the Government was not exposing its  
evidence, and the Hearst newspapers,  
which supplied the evidence, were un-  
der a pledge to keep the salient points  
a secret. The fact that the little re-  
vealed threw the sugar company and the  
railroad companies into blind con-  
fusion can be taken as an index as to  
what will happen when the whole truth  
comes out.

(By Associated Press.)

WASHINGTON, March 22.—Upon be-  
ing shown the publication in the "New  
York American" of today regarding the  
alleged granting of rebates on the  
transportation of sugar, Attorney Gen-  
eral Moody said:

"Some weeks ago a representative of  
the Hearst newspapers called on me  
and said that information was in the  
possession of those papers tending to  
show that large rebates on the trans-  
portation of sugar had been given to  
the American Sugar Refining Company  
by the trunk lines of railroads running  
out of New York city, and asking of  
the Department of Justice desired to  
use the information in legal proceed-  
ings. An examination of the matter  
showed clearly that it was highly im-  
portant and tended to show the giving  
and receiving of large money rebates.  
The subject was then brought to the  
attention of Mr. Stimson, who had been  
selected by the President as District  
Attorney for the Southern District of  
New York.

"Following this, on the first day of  
February, which was the date of Mr.  
Stimson's taking office, a conference  
was held in New York between the At-  
torney General, the assistant to the At-  
torney General (Mr. Purdy) and Mr.  
Stimson, when the evidence was gone  
over with great care.

"It is the purpose of the Department  
to proceed carefully, but with all pos-  
sible expedition.

"It ought to be said that until this  
information was furnished the Depart-  
ment by the representative of the  
Hearst newspapers, the Department  
had no knowledge or suspicion of the  
facts, and that the representative of  
those papers has aided the officials of  
the Department in all ways within  
their powers."

Mr. Moody said further:

"In the Department at present the  
matter is in the stage of investigation.  
No determination as to who should be  
indicted has been arrived at, but full  
evidence will be laid before the Grand  
Jury, and they will determine against  
whom sufficient evidence exists to war-  
rant indictments. It must be remem-  
bered that there can be no indictment  
against any person unless there is spe-  
cific evidence of his own personal par-  
ticipation in violation of the law. The  
District Attorney at New York, un-  
der the direction of the Attorney Gen-  
eral, will act vigorously, but, in the  
meantime it is no more than fair that  
judgment be suspended until the whole  
matter has been investigated and tried  
by the courts."

## ANOTHER BAD CHECK PASSED.

That mysterious check passer is still  
operating. Last evening a man went  
to the Mint Saloon on Nuuanu street  
and purchased \$5 worth of liquor for  
which he tendered a check on the First  
National Bank for \$15. He was given  
the balance in cash. The check was  
made payable to "George C. Clark" and  
was returned, the police say, marked  
"no funds."

## KONA SALOONS

EDITOR STAR.—The following are  
the facts concerning two saloons in Kona.  
There has been considerable inter-  
est aroused among the people there  
by opposing petitions for saloons. A  
man by the name of Sing Sing, Kailua,  
Kona, had twenty-four signers of a  
petition in his favor—outside the limit  
prescribed by law and upon being ap-  
proached two of the signers deny that  
they had their signature acknowledged.  
However it is claimed that all these  
appeared before Mr. Mills July 8, 1905,  
and were identified upon oath of D. N.  
Kilmahe.

Another saloon man by the name of  
T. Shibayama, Kealahou, Kona, ob-  
tained eight signatures on his petition  
of which names five are those living  
outside the limit—one of them only  
claiming to be agent for land within  
the limit. Three of these men deny ac-  
knowledging their signature and yet it  
is claimed that they have appeared be-  
fore David K. Baker September 20, 1905.  
It is noteworthy that this same Shibayama  
is an applicant for another saloon  
at Honolulu too. It would seem  
as though no petition in his favor  
should be allowed to stand as warrant  
for the new plea.

Treasurer Campbell has been not-  
ified of these facts and the claim has  
been made that these facts when ver-  
ified are sufficient to warrant the revok-  
ing of the license and should effect  
the surrender of the saloon public in  
question. It is desired that large pub-  
licity be given to such fraudulent  
methods of securing saloons.

THEODORE RICHARDS,

Chairman.

Secretary Committee of Anti-Saloon  
League.

## LAHAINA BUDDHISTS.

High Priest Gizo Ashikaga and As-  
sistant Priest R. Hayashi, who have  
recently arrived from Japan, were re-  
ceived with all the honors of the Shin-  
shu Buddhist sect, at the Hongwanji  
Temple on Tuesday evening. The tem-  
ple precincts were tastefully decorated.  
A priest from Wailuku took part  
in the ceremonies above mentioned,  
and also on the following day.

## M'BRYDE HOLDS ITS ANNUAL MEETING

OFFICERS WERE RE-ELECTED  
AND REPORTS OF MANAGER  
AND TREASURER WERE MADE.

The annual meeting of McBryde Sug-  
ar Company was held this morning at  
the offices of the agents, T. H. Davies  
& Co. There were upwards of 90,000  
shares represented. Officers for the  
year were elected as follows: President,  
D. P. R. Isenberg; vice-president, B. F.  
Dillingham; treasurer, F. M. Swannay;  
secretary, T. Clive Davies; auditor, H.  
W. M. Mist; directors, W. D. McBryde,  
Alert Wilcox, R. W. T. Purvis, J. M.  
Lydgate and F. M. Swannay.

Manager William Stoddard reported,  
among other things, as follows:

Rainfall and General Weather Con-  
ditions were both decidedly unfavorable.  
Severe cold spells were numerous and  
a drought of marked severity, begin-  
ning about September 1st of the pre-  
vious year (1904), continued to the  
month of August, 1905, a period of 11  
months. During this time there were  
light showers on the extreme and ma-  
kua end of the plantation covering a  
very limited area of cane, but elsewhere  
nothing fell to amount to anything,  
and nowhere were there the customary  
soaking winter rains. Last August this  
drought was broken and to the end of  
the year we had an average rainfall,  
but it came too late to overcome the  
effects of the drought, except as to the  
young cane just planted or being plant-  
ed, and as a consequence the crop of  
1905 then being harvested fell short 500  
or 1000 tons of what it should have  
been, and the crop of 1906 now being  
harvested, which was estimated at  
12,000 tons when six months old, will  
fall to something under ten thousand  
tons. The young cane, however, for  
the crop of 1907 was not appreciably af-  
fected.

The average rainfall of all stations  
for this dry period was only 28 inches  
as against a similar average for pre-  
vious years of 57 inches.

Previous experiences with touches of  
dry weather materially reducing our  
yields had satisfied us that the plan-  
tation needed to increase its pumping ca-  
pacity and to depend less upon its  
streams and reservoir water, and with  
that in mind plans were set on foot  
more than two years ago to secure a  
cheaper motive power than coal which  
resulted in the leasing of the Hydro-  
Electric power plant now being install-  
ed by the Kaula Electric Company,  
Limited, upon the Wainiha River on the  
windward side of the island of Kauai.  
This plant, it is expected, will be  
completed and ready to deliver power  
this June.

It had been planned to first alter the  
present steam pumping stations so that  
they could utilize the electric power and  
later to take up further water develop-  
ment, the whole to be done more or  
less leisurely so as to spread the ex-  
pense over a considerable period of  
time; but the severe lesson of last  
year's drought and its losses forced our  
hand and led last May to the beginning  
of active operations in developing more  
water and preparing to utilize it as  
soon as possible. The results of these  
efforts were so satisfactory that it has  
led to the establishment of two new  
pumping stations in Hanalei Valley,  
to be operated by electric power, and  
the ordering of three pumps for the  
same of a total capacity per 24 hours  
of 13½ million gallons. These stations  
are near completion and we hope to  
have them ready for the electric power  
due, as already stated, this June. We  
can pump during the winter without  
appreciable extra cost; with coal we  
could not afford to do this, except when  
driven to it by necessity during dry  
weather. The ability to continue pump-  
ing during the winter will result in re-  
filling the reservoir supply and mak-  
ing it last out longer into the sum-  
mer, and this, coupled with the new  
supply from the pumping station now  
being installed, will, we trust, avert  
another experience in the matter of  
water like that of 1905.

One steam pumping station now op-  
erated by a Worthington pump is being  
prepared for electric power this sum-  
mer by the installation of a pump of  
the same class as those ordered for the  
two new stations above referred to, to  
wit: a turbine centrifugal connected  
directly to the motor. The neces-  
sary changes at the two remaining  
steam pumps will be attended to later.  
It is not intended to remove the steam  
pumps now installed unless there are  
special inducements so to do, but rather  
to leave them there for auxiliary use  
in case of a temporary breakdown with  
the electric-driven pumps.

## WOOLLEY COMING ON SIBERIA

THE NOTED TEMPERANCE LEC-  
TURER DUE HERE TOMORROW  
FROM THE ORIENT.

John Granville Woolley, prohibition  
candidate for the presidency of the  
United States in 1900 is due here to-  
morrow on the S. S. Siberia. He will  
be met by friends here, who will give  
a small dinner in his honor at the  
Hawaiian Hotel.

John G. Woolley is probably the fore-  
most man on the platform in America  
today. He is the editor of the New  
Voice, a prohibition paper with the  
largest circulation of its class.

Mr. Woolley has been carrying on a  
campaign in New Zealand, where it is  
said that he met with great success  
and nearly succeeded in abolishing the  
liquor traffic there. His son has re-  
cently been appointed superintendent  
of the Government laboratory in Siam.

## TWO BRITISH SHIPS DUE HERE

H. M. SHIPS FLORA AND CAM-  
BRIAN DUE IN THIS PORT FROM  
SOUTH AMERICA.

Two British men-of-war of the Aus-  
tralian station are due in this port are  
H. M. ships Flora and Cambrian. Both  
are second-class cruisers of 4600 tons  
displacement. Captain Grant-Dalton  
commands the Flora and Captain E. F.  
A. Grant is in command of the Cam-  
brian. They have been visiting Brazil  
and other South American ports and  
are returning to Australia via Easter  
Island.

Captain E. F. A. Grant of the Cam-  
brian, was for some time British ad-  
ministrator of Wei-hai-wei, and more  
recently distinguished himself for his  
action in support of the Italian author-  
ity in Somaliland. In that adventure  
he had his thigh shattered with an ex-  
panding bullet, and though he made a  
good recovery from a dreadful wound,  
he still has to walk with a cane.

## MORE JURORS

Another special venire was issued by  
Judge Robinson this afternoon, for ju-  
rors for the Johnson murder case. The  
panel was exhausted soon after the af-  
ternoon session of court began. The  
prosecution excused C. F. Merrifield  
and the defense E. A. Lloyd and Wil-  
liam Rose. This leaves six challenges  
left for the defense and three for the  
prosecution. In the box, passed for  
cause, are James Houghton, E. O.  
White, Henry Lyman, John Coffee,  
William Buckle, Wentworth, Bu-  
chanan, T. H. Petrie, John Waterhouse,  
S. A. Walker, C. J. Ludwigen and H.  
E. Gares.

## MABY ACQUITTED

News was received from Hilo today  
of the acquittal of Jailer Maby of the  
Hilo jail, who was indicted with two  
deputies for assaults on prisoners.

## JURORS CALLED HAVE STRONG OPINIONS

(Continued from page one).

Prosser asked to be allowed to put more  
questions. He was allowed to do so on  
the ground that the juror's answers to  
Harrison were inconsistent with those  
he had given to Prosser.

The matter was not much cleared up.  
The juror insisted upon his opinion as  
well as upon his impartiality and lack  
of opinion. He was excused on a final  
statement that he had an opinion that  
the defendant was guilty.

Bruce Hartman had conscientious  
scruples against capital punishment.  
Others excused for cause were A. A.  
Dunn, A. C. Dowsett and M. A. Gon-  
salves.

"Wilson," who has been here 41 years  
and is well along in life, created con-  
siderable amusement by his answer to  
a question as to who was his phys-  
ician. It is expected that certain doc-  
tors will be experts for the defense,  
hence the question.

"I don't use doctors," was the way  
the juror answered.

One juror, A. E. Lloyd was passed for  
cause, just before the noon recess.

## PARK MONEY

Judge Lindsay this morning heard  
argument on the motion by County  
Attorney Douthitt to quash the writ  
of mandamus in the Kapiolani park  
funds test case, also on the demurrer  
to the petition filed by E. C. Peters  
in behalf of the park commission. This  
is the case in which a ruling is being  
sought authorizing the supervisors to  
appropriate money for Kapiolani park.

## ANOTHER CHARGE

Wong Hung, who was arrested for  
conspiracy to land Chinese in Califor-  
nia unlawfully, was arrested again this  
morning by United States Marshal  
Hendry on a warrant charging him  
with subordination of perjury. Wong  
is the alleged leader in the conspiracy  
to pass Wong Kook Yee through the  
immigration office on a bogus birth  
certificate, and he is alleged to have  
induced witnesses to perjure themselves  
to aid the plan.

DREDGER TO KAHULUI TODAY.  
If the dredger Reclamation is ready  
this afternoon to go to sea, the tug  
Fearless will start with her for that  
port. The weather is reported to be  
favorable for the tug towing the dred-  
ger to the Maui port.

CORONADO TO SAIL TODAY.  
The barkentine Coronado is to sail  
this afternoon with a full cargo of sug-  
ar for San Francisco.

CRICKET CLUB TO MEET.  
The annual meeting of the Honolulu  
Cricket Club will be held at 8 p. m.  
this evening at the Hawaiian Hotel.  
At this meeting new officers will be  
elected for the coming year and the  
season will be formally decided upon.  
April 7 is the date for the first game  
in all probability.

FARE REDUCED.  
The fare between San Francisco and  
Hilo has been reduced to \$60.—Tilo  
Tribune.

Rev. W. H. Fenton-Smith, according  
to the Hilo Tribune, will have charge  
of the Episcopal church in Hilo. He  
has been at Kohala.
